Signs, signs everywhere a sign

The City is considering changes to the sign section of the land use bylaw. Does your community have concerns or comments with regard to identification signs on businesses (e.g. style or size, including where residential is in close proximity, or where an area has a certain character); third party advertising signs (billboards, pillar signs, etc.); temporary signs (e.g. Bold signs) and other issues? Please contact the Federation planner Bob van Wegen with your concerns and observations as soon as possible.
