

## *Faces of Community*

We launched *Faces of Community* in 2017 to highlight the many different faces of community volunteers making a difference in our city's communities. We often hear that Calgarians don't realize that their community organization is run by volunteers from the community, so *Faces of Community* helps tell the story of just some of the more than 20,000 community volunteers in Calgary who are donating their time each and every day to help improve neighbourhood life in Calgary.

Nominated by their peers, the annual *Faces of Community* come from community organizations across the city, and all have different and inspiring stories of how they got involved, what they're proud of, and what motivates them to stay involved.

*We are now accepting nominations for our Faces of Community 2021!*

Do you know someone in your community who meets the below criteria? If so, nominate them today! You can also nominate yourself.

Twelve (12) *Faces of Community* will be selected for 2020.

### Criteria:

- They have been volunteering in the community for more than one year
- They are always looking for new and exciting ways to improve the community
- They build community through activities that engage residents
- They are a motivation and inspiration to others
- Their efforts have positively impacted quality of life within the community

*Nomination deadline is October 14, 2020 at midnight.*
