The Energizing Spaces Grant

Our cooler and stove are widely used. By renters, programming and events. It was apparent to us that our, old appliances had been spent.

The cooler was- cool no more. The stove was losing heat. We knew we had to do something quick For our kitchen its standards to meet.

The Energizing Spaces Grant came to light An application was submitted with haste Thanks to ENMAX and the FCC Our appliances could be replaced!

The cooler is amazing with much more room. Keeping food for community potlucks cold. The stove heats up quickly, burners all work Our community love both appliances we're told!

Thank you to ENMAX for providing the Grant Our energy consumption will be far less. Our new appliances will reduce our monthly bills We feel this program has been a great success!

The Ranchlands Community Association

Energizing Spaces powered by ENMAX

The joys of serving community

Meet Ted, our Final 2021 Face of Community! Ted's life was flipped upside down when COVID-19 first hit. After being laid off from his job, Ted decided to get involved full time with the Cliff Bungalow-Mission Community Association. "My connections with the volunteers and the members of the Cliff Bungalow-Mission Community Association have led me to a really innate understanding of how fulfilling it is to serve one's community. In doing so, it has transformed what it is that I want with my life and so I can't see ever going back to work that doesn't involve serving my community in some form."

Word on the Street

Want to join our board?

We need dynamic, innovative, and experienced board members

Our Nominations Committee is searching for individuals, perhaps like yourself, to fill identified board gaps. Currently, the board is seeking people with accounting (CPA designation required), urban planning, and fundraising/social enterprise skills. Candidates with change management, strategic planning and innovation will also be prioritized. Of course, we would love to find board members from within our member organizations! Why not, you?

What is required?

As a member of the board, you are responsible for the effective governance of the organization. You need to be prepared for each meeting by reading the materials and by participating in the conversations and decisions.

Did you know every board should have a code of conduct?

Does the have a **code of conduct policy**? A code of conduct guides the behaviour of your board members, and it serves as a set of principles to guide their decision-making and other activities. Your code of conduct policy ensures that your board members are accountable for the decisions and choices they make. Don't wait until its too late; use our latest **template** to develop your code of conduct policy today!
