

Climate ReadyYYC Large Grant

The ClimateReadyYYC Large Grant offers up to \$25,000 to support community-based organizations in implementing climate resiliency projects for equity-deserving groups. We support projects that engage the community and create a fairer, more resilient future. The large projects should have a longer impact timeframe, involve collaborative co-creation, and result in transformative solutions.

We are excited to hear your Climate Ready focused on sustainability and climate justice!
