

## Eligible Appliances

Energizing Spaces powered by ENMAX wants to energize your community spaces by replacing or adding EnergyStar appliances. All eligible appliances must be **EnergyStar, electric** appliances.

Just because the appliance is on the eligibility list, does not mean that you will get it. The committee bases their decisions on community need. Tell us why this appliance will support or engage your community or a specific user group.

### Eligible Appliances

- Refrigerators
- Beverage coolers
- Freezers
- Dishwashers
- Washing machines (laundry machines)
- Dryers (clothes dryers, etc.)
- Microwaves
- Ice Machines
- Hood Fans
- Stove or Cooktops
- Commercial Ovens (or Stove/Oven ranges; standalone ovens are not included in the certification)
- Toaster Ovens
- Standalone Water Coolers
- Smart Thermostats
- Air Cleaners
- Detached Fans (ceiling or exhaust fans are not eligible)
- Commercial Coffee Brewers
- TVs (for large presentation or gathering spaces ONLY)
- Commercial Griddles
- Electric Heaters

### Not Eligible Appliances:

Unfortunately, we cannot fund appliances that integrate into HVAC, plumbing or electrical systems in your building, such as

- Air Conditioners (A/C)
- Heat Pumps
- Bottle-Fill Stations/ Drinking Water Fountains
- Ceiling or Exhaust Fans

We also cannot fund:

- Computers
- Any appliance without an EnergyStar certification

**\*Please note that this list is not exhaustive. Other types of appliances may be eligible. Contact Pooja prior to submitting your application to discuss your appliance request.**
